We Prepay All Shipping Charges — Please Read

TERMS

Our terms are cash with order. You can open an account or we will ship Parcel Post or Express, C.O.D. Kindly give bank reference. Money may be sent at our risk by Post Office Order, Express Money Order, Bank Draft, Personal Check. Money in Registered Letter. Stamps accepted for less than \$1.00.

OUR GUARANTEE

We guarantee Safe Arrival of all Goods in U. S. A. proper. Goods must be satisfactory to you, and if they are not it is your privilege to have them replaced, free of charge, or your money refunded upon request, provided you advise us of either wish within 10 days after shipment reaches you. This is a plain, understandable guarantee for your protection and we invite you to take advantage of it if necessary.

All potted or own root plants are shipped with soil left on the roots. If sent by express at purchaser's expense all the soil can be left on the roots.

All mistakes cheerfully corrected. If a certain variety runs short, we reserve the right to substitute another of same color and equal, if not better, value unless instructed to the contrary. We strive to have

all plants true to name but we do not guarantee it.

INSTRUCTIONS FOR ORDERING

Please Observe Carefully—When ordering, please use the order sheet provided in this book. Simply fill up the blanks, giving the number and name of the varieties wanted, with size and price; we will understand.

Order Early—Many of our customers order early, and the plants are set aside; the earlier you order the better. We will book for delivery whenever you direct or at the time we consider proper to plant such stock ordered if so directed.

Canadian Customers—Canadian laws permit sending Roses or Shrubs into Canada at any time, but a permit must be secured from the Secretary of the Destructive Insect and Pest Advisory Board, Department of Agriculture, Ottawa. Owing to the rate of postage on Canadian orders we must request an additional **20 per cent to cover postage.**

Foreign Orders—Twenty-five per cent must be added to total cost of orders going outside the United States proper to pay extra cost of packing and postage. To most foreign countries we ship by parcel post with postage always prepaid.

CULTURAL INSTRUCTION for DINGEE ROSES

Preparation

If the location where you wish to plant them is moderately drained or water does not stand for days, dig a small hole 12 inches deep and fill with water, if the water disappears in a short time the situation is all right, and you can simply spade the soil up to a depth of about 10 inches mixing it with ordinary well rotted manure of any kind, returning it to the hole or bed and plant roses as directed below. If, however, the soil is heavy clay and water does not disappear when you fill the hole, beds may be made as follows:

Dig the bed about 20 inches deep. A good plan is to put the top spadeful of soil on one side of the bed and the bottom spadeful on the other. For the bottom of the bed put in drainage material if necessary. Replace the top soil to the bottom of the bed and the lower soil to the top of the bed. While replacing mix in one-third well rotted cow manure. If you can not possibly get cow manure, bone meal at the rate of 2 lbs. to the square yard is good. Use other manure or fertilizers carefully as they are apt to burn the roots. Manure and fertilizers must be well mixed in

the soil. Work the soil fine and tramp it down very firmly. Have the surface of the bed an inch above the surrounding soil.

Fertilizing

Roses appreciate plenty of good food.

This is a question we are frequently requested to answer. Cow manure is generally preferred, and can be used in fresh condition. Horse manure when new is very heating and should not be used while in this condition, except as a winter mulch. Hog, sheep and chicken manure are also very helpful. The last two, however, should be used sparingly. Ground bone is beneficial, but should be secured as fine as possible and it should be used sparingly. The best method is sprinkling a portion over the bed until the ground is entirely covered, then with the use of a fork it can be dug into the soil and thoroughly mixed. A slacked lime is also beneficial, about a cupful to plant scattered on the surface in early spring and mid-summer. A mulching of cow stable manure is very beneficial during the growing season. It helps to retain the moisture during the dry season, as well as a food for the roots.

Cultural Instruction for Dingee Roses

Planting

As soon as the plants are received it is best to immediately plant, yet if it is impossible to do this the plant should be placed in a cellar or moderately warm place and protected from the sun. Set them upright to admit the free circulation of air. When you receive them they will be wrapped in Sphagnum Moss, which should be removed before planting, as it is used only for protection. Water freely from time to time. The roots should be covered with soil or burlap and never allowed to become dry. Soaking the roots in lukewarm water or thin mud for an hour or two before planting to restore their vitality is beneficial. Do not set the plants too shallow. They should be planted deeper than they were growing in the pots before shipping. This can easily be determined by an examination of the plant. If you receive them with the soil on the roots in which they have been growing, do not remove this soil. Give them as near a natural position as possible. Use plenty of water after planting and shade for a few days, if the sun is hot, with newspaper or similar material, and if the season is a dry one an occasional watering will be beneficial. The best time to plant Roses such as we send out, being pot-grown, own root stock, is in early spring. This refers entirely to pot-grown plants and not dormant plants. By dormant plants we mean field-grown; that is, lifted from the field and have not made any growth whatever. Such plants as these should be set out earlier than pot-grown plants. Instructions for planting dormant plants sent with each order of such.

Cultivation

Cultivate top soil about 2 inches deep every week or after every hard rain. Do not cultivate when wet. This may be discontinued after the blooms come, when a good mulching of Peat Moss, cow manure, tobacco stems, buckwheat hulls, are left around the bushes the balance of the season. In dry weather water thoroughly at least once a week, and in the morning.

Pruning

As soon as the winter covering is removed, first cut away all weak stems and leave three or four of the strongest. Prune these down to at least six inches high with the Hybrid Teas. Hybrid Perpetuals or the June Roses do not need as close pruning. Bushes that are 2 to 4 feet in height should be cut back about 1-2 or 2-3 of their growth. The Polyantha and Baby Ramblers need just the tips cut. Climbing Roses should be pruned after blooming, cutting out all shoots and allow the new ones to develop and to train. Keep all weak lower side stems cut away throughout the season. When several buds appear on one stem the smaller buds may be pinched off to make one fine large rose.

Winter Protection

The protection needed varies according to the climate and varieties of roses. After a few hard frosts have stopped the growth throw up a mound of earth about a foot high around the plant. In cold sections after the ground has frozen put straw or other coarse litter in between the mounds built up around each plant. The tops of the bushes sticking out above mounds may be covered with evergreen boughs. Do not remove this covering until spring has come to stay and remove gradually.

Selection of Roses Important

One of the most difficult problems that presents itself to the amateur about to start a rose garden, is the very first that he has to solve, the selection of the best varieties of roses for the purpose for which he intends them. The success he will have with his roses depends very largely on intelligent selection of adaptable varieties. The matter of selection is one that should be left to the purchaser. Many of our customers grow 100 or more different kinds and they find exquisite beauty in each. At the modest price asked for them any one can enjoy many sorts.

Dwarf Baby Ramblers

These are a type of Polyantha Rose but more dwarf in habit, 12 to 18 inches. Hardy and suitable for beds or borders along walks, etc. Small blooms in immense clusters. Always blooming. Those offered in catalog are the standard sorts, all good.

Climbing or Rambling Roses

The climbers are not so susceptible to mildew and disease as the Ramblers, therefore much to be preferred. Some of the Hardy Climbers resemble the Ramblers so closely that any one wanting them will find a great improvement in such Climbers as Excelsa, Tausendschon and Aunt Harriet.

Climbing Roses should all have some support such as a pergola or arch. A wire fence, where convenient, may be utilized with splendid effect. They also make a good hedge.

For pillars, roses like Paul's Scarlet, Birdie Blye, Dr. Huey, Mary Lovett, Climbing American Beauty are good. They may also be used as individual specimens by pruning to a shape and size desired.

Insects and Diseases

For insects and diseases of all kinds we recommend

TRI-GEN Combined Spray Treatment

Fungicide—Insecticide—Plant Stimulant

*Complete Protection against Plant
Insects and Diseases*

In the past, Mildew and Black Spot have been most difficult to combat. However, these diseases are now easily controlled with the Tri-ogen Spray Treatment, which gives COMPLETE protection against all diseases and insect pests. It is easily applied and also acts as a plant stimulant—producing vigor in growth with resultant luxurious blooms, heretofore considered impossible. The Tri-ogen Spray Treatment applied weekly, from early season until late frost, makes it possible for the amateur to achieve the success, in many cases, comparable to the professional grower.

TRI-GEN was officially adopted for the exclusive protection of the Garden of 6000 Roses, at the CENTURY OF PROGRESS, Chicago World's Fair.

May 1st is the dead line. Field-grown roses, pages 4-5-6-7-8-9 must be ordered before April 15th. If ordered after April 15th and you don't instruct otherwise, your order will be filled with pot-grown roses, our selection, to the full value of your remittance. This is your only notice.

Field - grown Roses again ready to send out October 15th and from then on to April 15th, but none will be available from April 15th to October 15th, so kindly note.

On the four pages following is offered the finest collection of dormant field-grown budded roses in America, grown by us here in our own nursery. Will positively bloom this year and continuously. Guaranteed to be absolutely satis-

factory or money back. No such prices elsewhere, no better plants, and indeed few as good. Then, why pay more?

Plant as soon as ground can be dug—the earlier the better; cold weather will not hurt them. Not available after May 1st. In warm climates plant during our winter months. These are beautiful plants, strong, sturdy fibrous roots; low prices. Satisfaction guaranteed; shipping charges paid. Order liberally and early. These "De Luxe Dingee" Super Rose

Plants are in limited supply. Order early, please. It's important. We Pay Postage.

Joanna Hill

EVERBLOOMING HARDY ROSES

JOANNA HILL

Superb new, strong growing, everblooming Hybrid Tea Bush Rose. Large, long, handsome buds, opening into a deep, extremely double bloom of a beautiful shade of deep yellow flushed with a coppery orange at base of petals. Wonderfully strong, upright grower, quickly making a magnificent bush, clean and healthy. Blooms produced in wonderful abundance throughout the growing season. Foliage heavy, clean and free from disease. Very hardy.

DAME EDITH HELEN

The color is a brilliant yet soft clear pink. Full blooms delightfully sweet scented. Strong vigorous grower; shapely buds, long, pointed, opening full and double and almost a perfect flower. Most distinct and really magnificent.

Hardy Everblooming Varieties for Early Planting and Quick Blooming this year. All Roses above except where noted: 75c Each; 6 for \$3.75 by Parcel Post Prepaid.

Edith
Helen*

FIELD GROWN ROSES

DAVID O. DODD

A recent American introduction by one of the leading Rosarians that has proven to be one of the best outdoor varieties and we have gotten many enthusiastic reports confirming our opinion concerning its good qualities. Large well formed buds of immense size opening into dazzling crimson double blooms that retain its color without fading and produced on long stems. Bush covered with these blooms the entire season thus making an attractive showing.

Plant of vigorous growth and hardy anywhere. Free of insects or disease of any kind.

David O. Dodd

Dormant De Luxe Everblooming Roses

Betty Upchurch—Copper-red buds opening to semi-double flowers of above average size, brilliant orange. Carmine on outer surface of petals show light salmon on reflexes. Spicy fragrance. Strong grower, persistent bloomer.

Gaiety

Gaiety—One of the great fancy colored roses that seems to meet the approval of all rose enthusiasts. Exceptionally fine, healthy grower producing a big plant in a short time. Marvelous foliage shining as if varnished, free from black spot or mildew. Produces quantities of large, round camillea-like flowers of an extraordinary combination of pink, red, golden yellow, Indian red and brown. Colors vary with the season; seems to increase in beauty every day. Some claim it is the best of all their roses. We think it a great fancy-colored rose.

Miss Rowena Thom—Large buds open to full blooms of perfect form and enormous size, often measuring over 5 inches in diameter. Color deep rose-pink, yellow base to the petals which lights up the whole flower. Of vigorous growth, splendid foliage, blooms very freely. Delicious fragrance.

The Dingee & Conard Co.

I have Rose bushes in the garden which I purchased from you forty years ago. They have Roses as large and as pretty as any of the newer bushes. May your success continue.

Very truly yours,

Mrs. William Sheppard, Virginia.

Hardy Everblooming Varieties for Early Planting and Quick Blooming this year. All Roses above except where noted: 75c Each; 6 for \$3.75 by Parcel Post Prepaid.

Extra Heavy Two-Year-Old Dormant "De Luxe" Field-Grown Roses

Garden Gem

This great new bush rose we introduced after extensive trials, as the best, healthiest and most beautiful satiny-pink garden variety now known. For sale only by us. A marvelously strong, healthy grower under the most adverse conditions, thriving even in extreme heat—just a grand grower. We know of no rose that compares with it in absolute healthy growth and freedom of bloom. A magnificent bloomer, continuously bearing its beautiful, immense, deep, double satiny-pink flowers of lovely form on strong erect stems, making it one of the greatest of all roses for garden cultivation and for cutting. Hardy everywhere.

Chas. K. Douglas—Splendid garden rose with great depth of petals and clear unfading color. Exceptionally good growth and there is an increasing demand for it. Fine pointed buds opening to large loosely formed flower of striking crimson-scarlet. Good foliage.

Francis Scott Key—It is by far the most popular red rose, for its glowing colors, its remarkable size, its fullness, its perfection of form make it a greatly prized variety. The color is a rich, glowing scarlet, with darker shadings, becoming darker as the flower ages.

Our Great New Rose "Garden Gem"

Mrs. E. P. Thom—Yellow. A medium-sized, double Rose of clear canary-yellow, with better form than most yellows. It is a strong-growing plant. Considered one of the best yellows by many experienced rosarians.

Gruss an Teplitz—Fiery crimson, shaded dark velvety sheen. Flowers large and handsome, produced in continuous profusion. Very vigorous, tall pillar-like grower.

Ville de Paris—Round buds of clear yellow and big globular blooms of the same shade, untouched by any other color. One of the outstanding yellow roses. In form very much like the popular "Radiance."

Mme. Butterfly—Buds a lovely shade of Indian ochre, yellow at base; opening flowers perfect in form, brilliant in color and of delicious fragrance.

Director Rubio—Bud and flower very large semi-double and informally shaped, showy light red, and moderately fragrant. Foliage disease and insect resistant. Vigorous and bushy grower.

Syracuse—Tight crimson buds with large, full double bloom with deep crimson wavy petals. Free bloomer and a vigorous grower.

Mrs. E. P. Thom

Hardy Everblooming Varieties for Early Planting and Quick Blooming this year. All Roses above except where noted: 75c Each; 6 for \$3.75 by Parcel Post Prepaid.

Extra Heavy Two-Year-Old Dormant "De Luxe" Field-Grown Roses

Etoile de Holland—Flower bright, dark red, of medium size, fairly full; deliciously perfumed. Growth vigorous, upright.

Edel—We consider this the best pure white rose for outdoors. Strong grower, magnificent full, double blooms. Upright grower, free flowering. Sweetly fragrant.

Etoile de France—Great favorite. Strong, upright bush, blooming constantly, producing large, massive, deep, full cup-formed flowers of clear red or velvety crimson.

Lady Ashtown—Satiny buds and blooms of deep shining pink with yellow glow at base of petals. High center, very double and quite fragrant. Still a great rose.

Mrs. P. S. DuPont—The bud is long-pointed, rich reddish gold, almost orange in the depths of the petals, holding its color well after opening. Disease resistance foliage and compact bushy habit. Continuous bloomer.

Imperial Potentate—Shining rose pink, shaded lighter on reverse of petals. Vigorous grower of free flowering habit.

Pax Labor—Orange gold bud opening into a very double pale yellow bloom, deepening toward the center. Vigorous erect grower and free bloomer.

Margaret McGredy—Large, ovid buds of solid orange-vermilion opening into double cupped blooms. Foliage light green resistant to black spot and mildew. Free blooming and a vigorous grower. Hardy everywhere.

Thomas A. Edison—Two-toned pink. A big, clean, sparkling pink Rose which thrives on heat. The hotter the weather the more beautiful the flowers. There are two shades of pink, a lovely pale silvery pink on one side of the petals and just clean pink on the other side. It is a big flower on a big, strong plant. A great Rose named for a great man.

Paul's Scarlet Climber—Stirling, vivid scarlet colors have won for this Rose well deserved recognition as the most attractive climber ever introduced. It is a vigorous grower, produces a mass of

Etoile de Holland.

bloom, and with its bright colors which are retained without fading for a long period, it makes the most brilliant display imaginable. Heavy disease resistant foliage; great freedom of bloom. Paul's Scarlet Climber, the winner of innumerable medals for excellence, is a Rose that no one should be without.

Mme. Gregoire Staechelin—A new type of climbing Rose from Spain. Cross between the popular variety Frau Karl Druschki and Chateau de Clos Vougeot, and it seems to have inherited the good qualities of both. Long pointed buds of crimson at first, then as the blooms expand show splashes of carmine with pear pink inside.

Jacotte—Color deep coppery yellow, tinted coppery red, borne several together on long stems. Very fragrant.

F. J. Grootendorst—This is a new type of Rose which might properly be called a Rugosa Baby Rambler, it being a cross between Rugosa and the crimson Baby Rambler. Imagine a shrub-like Rugosa Rose covered with trusses of crimson Baby Rambler Roses and you will have a fair conception of this new hybrid variety. 2 year dormant plants only.

Fancy Colored Rose

Everblooming Roses

MRS. G. A. VAN ROSSEM

Astonishing vivid color of a glowing orange or apricot overlaying golden yellow retaining a marvelous combination of golden salmon and light orange upon opening, reverse of petals generally bronze. An outstanding new rose of the highly colored varieties. We believe it makes a wonderful bedding and cutting variety. **75c each postpaid.**

Mrs. Aaron Ward—The color, ranges from coppery-orange in the opening bud, changing to a golden-orange, and when the flower is fully open it is a lovely shade of pinkish fawn. Most vigorous in growth, every shoot producing a flower and clothed with dark, glossy green foliage, maroon on under side.

Briarcliff—One of the grandest roses it has been our privilege to grow. Bud beautifully formed, long and solid, opening into one of the finest blooms of enormous size. Very double, a brilliant rose pink. Splendid grower, free from diseases such as black spot and mildew. Flowers produced in a great abundance the entire season, on long, stiff stems, making it ideal for cutting.

Mrs.
G. A. Van Rossem

DORMANT DE LUXE FIELD GROWN ROSE BUSHES

Charles P. Kilham—One of the most popular roses on account of its pleasing color. Coral-red and orange. The long pointed buds open to fully double, finely formed blooms of coral-red with an orange base. The plant is of average height, strong, sturdy, healthy bush producing flowers very freely and so thoroughly dependable that it is one of the best Garden roses today. Splendid for cutting.

Charles P.
Kilham

Kootenay—The buds are long and pointed, and of exquisite form, opening to large rounded flowers full and double. Color creamy white, with shadings of flesh colors towards the center. Foliage heavy, unaffected by disease and little troubled with insects.

Mrs. Henry Morse—Two contrasting tones of pink with an underlying yellow glow, double high centered. Plant tall and branching.

Hardy Everblooming Varieties for Early Planting and Quick Blooming this year. All Roses above 75c Each; 6 for \$3.75 by Parcel Post Prepaid.

**A Popular
Garden
Rose of
Today**

Everblooming Roses

TALISMAN

Sensational world famous new bush rose, with very large, double blooms produced in constant profusion. Indescribable colors—brilliant orange yellow with coppery and vivid red shades, blended into a combination seen in no other rose; fragrance exquisite, buds long and pointed, splendid for cutting, very hardy, free-blooming. One of the most sensational fancy colors now known. Especially fine in early summer and late fall.

Radiance—This is by far selected as one of the 12 best garden roses in existence, because of its vigorous, heavy growth, and great abundance of bloom. Easy to grow, requiring little attention, it is well adapted for amateurs everywhere. Color solid rose pink, with lighter tints and reflections. Long, heavy stems, large, beautiful buds which open slowly into globular, double flowers.

Red Radiance—Similar to Radiance, equally satisfactory. Large, globular, cupped blooms, of strong, clear red, with no trace of any other color. Vigorous grower, sending forth heavy canes, with healthy foliage. Very free blooming. Cannot be surpassed.

Souv. de Georges Pernet—Brick-red buds, opening to an orange-pink bloom of immense size, very double. An unusually beautiful rose. Stocky, free blooming. Fragrant.

Talisman

Dormant Field-Grown De Luxe Rose Bushes

Rev. F. Page-Roberts

REV. F. PAGE-ROBERTS

Copper-red buds of good length of exquisite color and form, opening to rich Indian yellow inside with the outside petals strongly marked apricot and carmine. Rich tea fragrance. A glorified Duchess of Wellington but with more petals and deeper, richer color and better shape. Plants are of a strong growth, branching habit with healthy disease and insect resistant foliage. Each season its popularity increases and deservedly so.

The General—A high priced leader among red roses because of its beauty of color, form and delightful fragrance. Bush dwarf but very vigorous and free

blooming, being almost continuously a solid mass of blooms of blood red.

Hardy Everblooming Varieties for Early Planting and Quick Blooming this year. All Roses above except where noted: 75c Each; 6 for \$3.75 by Parcel Post Prepaid.

**FANCY
COLORED
ROSE**

EVERBLOOMING HARDY GARDEN BUSH ROSES—OWN ROOT PLANTS

Hollywood

*CRIMSON BEAUTY

At first we were at a loss to find a name that would be descriptive of this magnificent, new crimson beauty, but the proper name soon suggested itself because this new hardy, everblooming garden bush rose is the result of this parentage—the great (American) “**Hoosier Beauty**” crossed with “**Crimson Champion**” and there you have the name “**Crimson Beauty**.”

This splendid new variety has wealth in abundance, grows clean, strong and sturdy, has no weaknesses and blooms in marvelous profusion, bearing its magnificent crimson flowers, which have much of the form of “**Gruss an Teplitz**,” throughout the growing season, so that the bush is literally covered early and late with its gorgeous velvety crimson flowers. Roses of this type are in the greatest demand because of their health, beauty and permanence. One of the most vigorous growing Hybrid Tea roses we have known.

Golden Gate—Color rich creamy white, shaded with golden yellow and clear rose.

Price of Potted Roses on this page. First size plants, 25c each, 5 for \$1.00; 2-year-old potted plants, 70c each, 2 for \$1.25, postpaid. Varieties marked * can be furnished in Star size or Specimen plants at 85c each by Parcel Post Prepaid.

HOLLYWOOD

Illustrated in Colors on Front Cover

Immense gorgeous double flowers, on long single stems, an ideal rose for cutting. Lovely shade of red or cerise, still darker as the flower opens. Delicious American Beauty fragrance. Always blooming the entire season. Good strong grower with good foliage.

Price, 1st size plants, 30c each, 4 for \$1.00; Extra heavy, 2- and 3-year-old plants, 90c each, 2 for \$1.50 postpaid.

Rose Hill—Sport of Columbia but superior in every way. Darker than Columbia, larger blooms, better foliage and grower. The buds and blooms are perfect in color and formation, being long pointed and solid, opening into a perfect bloom of immense size. Splendid grower, free from disease, producing an abundance of flowers the entire season. Color a pure rose pink of charming brilliance which does not lighten.

Lord Charlemont—Flowers clear crimson, deepening to carmine crimson with almost black shadings, perfectly shaped, long pointed buds, large and full sweetly scented flowers.

***Wellesley**—A most magnificent garden Rose of a beautiful shade of pink, vigorous, healthy growers; remarkably free-flowering.

***Gen. Arnold Janssen**—Color a deep glowing carmine. Free bloomer. Buds long and pointed on long, stiff stems.

Our New Rose “Crimson Beauty”

EVERBLOOMING HARDY GARDEN BUSH ROSES—Own Root Plants

Our Great New Rose "Garden Gem"

*GARDEN GEM

This great new bush rose introduced and for sale only by us is a remarkable rose—it has no disease of any kind. Absolutely free from Black Spot and kindred diseases that are so annoying and which are found so abundantly in nearly all the roses of recent origin. It has wonderfully clean, heavy foliage. Its parentage is the finest of any rose in cultivation—a hybridization of "Mrs.

E. T. Stotesbury"—a great American rose and "**America**," another great American (Hill) production. It is a marvelously strong, healthy grower under the most adverse conditions, thriving even in extreme heat—just a grand grower. As already stated there is no rose we know of to compare with it in the absolute healthy growth that characterizes it at all times. Of course it is but natural that it should be a magnificent bloomer, continuously bearing its beautiful, satiny pink flowers of lovely form on strong erect stems, making it one of the greatest of all roses, new or old, for garden cultivation and for cutting.

We urge you to plant at least a few bushes of this extraordinary variety in your garden. You will order more.

Talisman—A very much advertised and sensational rose. There do not seem to be two descriptions that fit it in all phases. Some speak very highly of it while others condemn it. It has one great redeeming feature and that is its disease resistant quality. We have found it a wonderful grower and bloomer. Buds are handsome of a mixture of orange yellow and red, a striking combination. Superb in early spring and in the late fall.

Miss C. E. Van Rossem—Velvety dark red, well formed buds, open flowers almost the same shade, reinforced with scarlet and black; fragrant. Strong bushy plant, free flowering. A good bedding rose on account of producing flowers under any condition.

La Champagne—Semi-double peach colored blooms, slightly shaded darker. Better than Madam Butterfly.

Talisman

Price of Roses on this page, first size plants, 25c each, 5 for \$1.00; two-year-old potted plants, 70c each, any 2 for \$1.25. Varieties marked * can be furnished in large specimen or star size plants, 85c each, postpaid.

Everblooming Roses

MME. BUTTERFLY

All the color tones of Ophelia are intensified, making it a harmony of bright pink, apricot and gold. The tight buds are a lovely shade of Indian oak, yellow at the base; the opening flowers are perfect in form and texture, clear and brilliant in color and of delicious fragrance.

***Salmon Spray**—Salmon pink with carmine reverse. Flowers of medium size and borne in clusters. Continuous and profuse bloomer. Good for cutting.

Grace N. Crowell—Color a brilliant rose with petals heavily veined with vinous crimson while the base of the petals is shaded primrose yellow. Handsome buds opening into an immense perfect bloom on long stiff stems.

Madame Segond Weber—One of the most beautiful Roses, of ideal form. The long, pointed buds are pink or salmon-flesh and when fully expanded are immense in size, full and double; as the flowers opens it deepens until it fairly glows with its warm, deep pink. Highly fragrant. Very hardy and constantly in bloom.

President Taft—A most remarkable pink Rose, with a shining intense deep pink color of a very distinctive shade. Splendid grower in every respect.

Mme. Butterfly

Dingee Own Root Potted Rose Bushes

*E. G. HILL

Introduced by the great American Rosarian E. G. Hill as a cut flower variety, but growers discovered it to be one of the finest outdoor Roses in existence today. Strong upright grower, vigorous and healthy. Buds ideal, long and pointed on good stout stems, opening into a full double bloom of crimson scarlet retaining its color until the petals fall. Blooms continuously from early season until late fall. Hardy anywhere. The striking color makes it one of the most attractive garden varieties.

American Legion—The color is a pleasing shade of cerise, which is retained until the petals fall. Well formed buds, produced on long stems, make it a fine rose for cutting. Heavy, disease resistant foliage, little troubled with insects. Strong grower, and free bloomer.

Comtesse de Cassagne—Flowers of varying color; rich coppery-pink shaded clear rose; sometimes comes pure yellow; very large, form very fine.

E. G. Hill

Prices of all Roses on this page: First size plants, 25c each, 5 for \$1.00, postpaid; two-year-old plants, 70c each, any 2 for \$1.25 by Parcel Post Prepaid. Varieties marked * can be furnished in Star size or Specimen plants at 85c each by Parcel Post Prepaid.

Everblooming Roses

*"Charles Dingee"

**The Most Wonderful Bush Rose
in the World**

The "Charles Dingee Rose" is the result of cross-breeding between **Hermosa**, that grand old hardy pink variety, and **White Maman Cochet**, perhaps the greatest of all white garden Roses—a superb parentage, which insures its offspring every point of excellence. With the hardy vigorous constitution of a Hybrid Perpetual, growing to perfection in almost any soil or situation, it has the most magnificent foliage, absolutely free from disease, that we have ever seen on any Rose.

Growing to a height of 2 to 3 feet, Charles Dingee blooms continuously, producing immense, deep, double, grandly formed flowers on long, stiff, erect stems; both in bud and bloom their beauty is nothing short of superb, practically impossible to describe because of the delicate blending of colors—rose tints in the centers of the flower, gradually shading off into pale blush creamy white, a color effect both entirely new and distinct, exquisitely beautiful.

**Our Famous
Charles Dingee Rose**

Famous Dingee Own Root Potted Roses

Great Crimson Rose Etoile de Holland

Etoile de Holland

Flower bright, dark red, of medium size, fairly full; deliciously perfumed. Growth vigorous, upright. A cross between General MacArthur and Hadley. A rose of great future.

John Cook—A seedling of LaFrance is noted for its profusion of blooms throughout the entire season. The flowers are similar to LaFrance in color, but it is a great improvement of that variety in its quick growth.

Kaiserin Augusta Victoria—Large buds of creamy white; the open flower delicate pure white, with a drop of lemon at the center, very large, fragrant.

White Radiance—Same characteristics as the Radiance roses. Blush white.

Price: All Potted Roses on this page, first size, one-year plants, 25c each, 5 for \$1.00, postpaid; two-year-old plants 70c each, any 2 for \$1.25 by Parcel Post Prepaid. Varieties marked * can be furnished in Star size or Specimen plants at 85c each by Parcel Post.

EVERBLOOMING HARDY GARDEN BUSH ROSES . . . Own Root Plants

DAVID O. DODD

A recent American introduction by one of the leading Rosarians that has proven to be one of the best outdoor varieties and we have gotten many enthusiastic reports confirming our opinion concerning its good qualities. Large well formed buds of immense size opening

into dazzling crimson double blooms that retain its color without fading and produced on long stems. Bush covered with these blooms the entire season thus

making an attractive showing. Plant of vigorous growth and hardy anywhere. Free of insects or disease of any kind.

Price, potted plants: First size plants, 30c each, 4 for \$1.00; two year-old plants, 85c each, 2 for \$1.50, postpaid.

***Green Rose (Viridiflora)**—most interesting member of the Rose family, grown for its oddity. Petals are small, pointed set thickly, and of the same color as the foliage, dark pe green.

The Great David O. Dodd Rose

*SILVER COLUMBIA

This rose is a sport of the famous Columbia. The color is a clear shade of deep silver pink, lighter than that of its parent. The color deepens toward the center. The flowers are larger than Columbia, inclined to be flat, but magnificently formed on long, strong stems, which makes it an excellent rose for cutting.

Lady Alice Stanley—Massive buds and blooms, fully double and very sweet outside petals coral-rose, inside pale flesh pink. One of the dependable roses for any purpose.

Hoosier Beauty—The rich colors of this marvelous rose have never been equaled—dusky, crimson scarlet, with dark shadings and of a depth found in no other rose. Heavy petals of a velvet-like texture add to the richness of the colors.

Prices of all Roses on this page: First size plants, 25c each, 5 for \$1.00, postpaid; two-year-old plants, 70c each, any 2 for \$1.25 by Parcel Post Prepaid. Varieties marked * can be furnished in Star size or Specimen plants at 85c each by Parcel Post Prepaid.

Dingee & Conard Co.

Thank you for the Roses replacing the five ordered in the spring which did not grow. The seven of the twelve that did grow were a joy all summer and I anticipate an equal pleasure from these just planted for next summer. I have about 50 Dingee Roses in my garden all of which have given excellent satisfaction.

Sincerely yours,

Mrs. L. B. Yale, North East, Pa.

Beautiful Silver Columbia

EVERBLOOMING HARDY GARDEN BUSH ROSES

*KOOTENAY

The buds are long and pointed, and of exquisite form, opening to large rounded flowers full and double. Color creamy white, with shadings of flesh colors towards the center. Foliage heavy, unaffected by disease and little troubled with insects.

Templar—Bud medium size, globular; flower medium size, double globular, very lasting. Clear bright red, exceedingly double fine strong stems.

Hadley—In color it is a deep velvety-crimson, retaining its brilliancy at all seasons of the year.

Rhea Reid—As an all round garden rose this has no superior, for it is famed for its strong constitution and its ability to withstand the ravages of disease and insects. Color a vivid scarlet crimson. Flowers are marvels of beauty, large, bold, and of splendid substance. Strong, sturdy, vigorous grower.

Francis Scott Key—It is by far the most popular red rose, for its glowing colors, its remarkable size, its fullness, its perfection of form make it a greatly prized variety. The color is a rich, glowing scarlet with darker shadings, becoming darker as the flower ages.

An Unusual Rose "Kootenay"

*WM. R. SMITH

Especially suited for outdoor planting and cutting purposes. The soft blending of the salmon-pinks, rose-pinks, and the magnificent flesh tints resemble the blush of a maiden's cheek. The flowers are large, full and double, and most exquisitely formed. The petals are so firm they look like wax. Perfect buds.

Amelia Gude—A most charming rose, with dainty buds, and blooms of exquisite form. The colors of yellow-rose, deepening towards the center to peach yellow, are exceedingly soft, and very pleasingly blended. A strong growing variety, with fine healthy foliage and very liberal in its production of blooms from one season's end to the other.

Double Pink Killarney (The Famous Irish Rose)—The bush is strong and upright, with beautiful, deep bronzy green foliage, and the Rose is entirely free-blooming, bearing immense long pointed buds and massive flowers on big heavy shoots. The color is deep, brilliant and sparkling shell-pink. The flowers are of delightful fragrance.

Yellow Killarney (Mme. Jenny Gillemot)—A brilliant saffron-yellow Rose, opening canary with dark golden shades. Buds long and pointed, beautiful in form and color, the flowers large, with immense petals.

Double White Killarney—This offspring of the Pink Killarney is one of the most exquisite white Roses grown. The long, full buds are handsome in shape and full-open flower most refined and beautiful in form and texture.

Price Potted: First size, one-year plants, 25c each, for all Roses on this page; 5 for \$1.00 postpaid; two-year-old plants, 70c each, 2 for \$1.25 by Parcel Post Prepaid. Varieties marked * can be furnished in Star size or Specimen plants at 85c each.

Wm. R. Smith

*Alexander Hill Gray

After a thorough trial both indoors under glass and in the open ground, we are pleased to offer this lovely yellow Rose to our customers as one of the very best of its class and color. The color, which is a deep lemon-yellow, deepening as the flower expands, does not fade in the open ground, as is usual with such. Buds and blooms of perfect formation and of great substance, and produced in the greatest abundance throughout the entire season. Strong grower and hardy everywhere. This Rose was awarded Gold Medal by the National Rose Society.

Mad. Jules Grolez—The color is a distinct and charming shade of cherry-red. The fine form and attractive shape of the flowers makes them excellent for cutting.

Mrs. Henry Morse—Two contrasting tones of pink with an underlying yellow globe, double high centered. Plant tall and branching.

**Gorgeous
Yellow
Rose
Alexander
Hill Gray**

Famous Dingee Everblooming Own Root Roses.

***Etoile de France**—The strong, upright bushes have beautiful bronze-green foliage, which is not subject to insect attacks. The bushes are blooming constantly, producing large, massive, deep, full cup-formed flowers of clear red or velvety crimson.

*RADIANCE

The Standard Garden Rose of America. This is by far the best pink garden rose in existence, because of its vigorous, heavy growth, and its great abundance of bloom. Extremely easy to grow, requiring little attention, it is exceptionally well adapted for the amateur's garden. The color is almost a solid rose-pink, but with lighter tints and reflections. Long, heavy stems, bearing large and beautiful buds which open slowly into globular, somewhat loosely formed, fairly double flowers. This is one of the hardiest of roses, and will survive very severe winters.

Mad. Caroline Testout—In color, it is of a satiny rose, deepening to clear red in the center. One of the most dependable roses.

Premier—The blooms are immense, often measuring 5 and 6 inches across the open flower; buds long, full and pointed. Color rich, deep, rose-pink, without shadings.

Pink Radiance

Price Potted: First size, one-year plants, 25c each, for all Roses on this page; 5 for \$1.00, postpaid; two-year-old plants, 70c each, any 2 for \$1.25 by Parcel Post. Varieties marked * can be furnished in Star size or Specimen plants at 85c each by Parcel Post.

***Dainty Buds
of
Mrs. Aaron
Ward***

Most exquisite buds of golden buff or fawn, opening to full, double, well formed floweres, of pinkish fawn. The plant does not grow large, but is dwarf and spreading, covered with heavy foliage that is immune from disease and insect pests. This is an excellent rose for the garden, for it requires little attention, blooms profusely, and is most useful for cutting and for the buttonhole.

***Perle Von Godesberg**—This magnificent Rose was originally sent out as a Yellow Kaiserin Augusta Victoria, it having all the beauty of form and substance of that great garden Rose. The color is a rich canary-yellow with shadings of saffron.

General MacArthur—Of strong, vigorous, healthy growth, branching freely, it produces its wonderful blooms profusely from May until October, of full scarlet crimson.

Mad. Abel Chatenay—This splendid Rose is one of the very best of its color—rosy-carmine with darker shade.

Ophelia—Salmon flesh, shaded with rose in perfect tints. Buds of unusual attractiveness, opening full and double. Plants of strong habit, and produces its flowers in great profusion.

***Jonkheer J. L. Mock**—The buds are immense and of very fine form, borne on long, stiff stems. Color a clear imperial pink, reflexed petals of a lighter shade. Strong, tall grower, at its best in heat, when the heavy petals open to perfection.

Crimson Queen

Crimson Queen—Because of its rich coloring this is a wonderful garden or bedding rose—bright, velvety crimson. A strong, vigorous, upright grower, always in bloom.

Mrs. Charles Bell—Lovely shell-pink buds and blooms of fine globular form with shadings of soft salmon, sweetly perfumed. Strong bushy plant bearing good foliage seldom attacked by disease.

F. R. Patzer—A Rose of striking and pleasing appearance, owing to the delicate blending of color, which is a creamy-buff, with the reverse of petals a delicate warm pink, and as they expand the color becomes a light orange pink.

Lady Ashtown—One of the good old standard Roses that remains good. Satiny buds and blooms of deep shining pink with a yellow glow at base of petals. High center and very double.

Prices of all Potted Roses on this page, first size plants, 25c each, 5 for \$1.00, postpaid; two-year-old plants, 70c each, any 2 for \$1.25 by Parcel Post Prepaid. Varieties marked * can be furnished in Star size or Specimen plants at 85c each by Parcel Post Prepaid.

EVERBLOOMING HARDY GARDEN BUSH ROSES—Own Root Potted Plants

5 POPULAR COCHET ROSES 95c

Pink Cochet

***Yellow Maman Cochet**—One of the best hardy, everblooming yellow Roses. It is ideal for open ground culture—a typical Cochet Rose, with gracefully molded buds, flowers, magnificent when open, on stiff, strong stems.

If you want five of the finest Roses listed in this book, which will produce hundreds of superb flowers throughout the growing season, producing the kind of flowers one never tires of, order this Cochet set. No matter where you live, they will give you perfect satisfaction. The Cochet Roses are perfectly hardy in every part of the country, even where the winters are most severe, with slight protection. In the more temperate sections and in the South they thrive vigorously and bloom most lavishly all summer long, growing into great strong, lusty bushes, which increase in beauty each year.

***Pink Maman Cochet**—The Queen of all Pink Garden Roses. The buds are large, full and firm, elegantly pointed, showing depth and richness as they expand. The superb flowers open perfectly double, are extra large and of splendid substance.

Red Maman Cochet (Helen Gould)—A Rose that will grow and give satisfaction in almost any soil or situation. It produces flowers in amazing profusion, on long, strong shoots. The flowers are very full, perfectly double; buds long and pointed. Color, warm, rosy crimson.

Crimson Maman Cochet (Etoile de France)—The color is a new and clear shade of red or velvet crimson, brightening in the center; of exquisite fragrance.

***White Maman Cochet**—A most magnificent snow-white Rose, with sometimes a faint tinge of pale blush.

SPECIAL OFFER

One each of Pink, White, Red, Yellow and Crimson Cochet, strong plants, postpaid, 95c; two-year-old plants, one of each, 5 in all, \$2.85 by Parcel Post Prepaid with soil on roots. Still larger size or specimen plants for \$4.00 of the 5 Cochets by Parcel Post Prepaid.

Freiherr Von Marschall—It has wonderfully beautiful foliage and produces large, full, beautifully shaped flowers, which are borne in profusion all through the season. The color is bright red.

The Bride—There is no other white Rose more satisfactory than the Bride.

Bridesmaid—This variety is valuable for cutting and does finely in the open ground; a sport from the old and popular pink Tea Catherine Mermet.

Catherine Mermet—A very free bloomer, producing clear, shining pink flowers, the center being shaded fawn and amber.

Lady Hillingdon—Apricot yellow shaded to orange on the outer edge of the petals, becoming deeper and more intense toward the center of the bloom. The color does not fade after the bloom is cut, but invariably becomes darker.

Etoile de Lyon—Blossoms freely, beautifully formed, rich golden yellow.

Lady Plymouth—A Rose similar to Souv. de Pierre Notting, which means a handsome bud, full, double bloom of large size. Deep ivory cream, faintly flushed.

Blumenschmidt—Citron-yellow flowers, each petal of which is edged with dainty rose.

Queen's Scarlet—A constant and profuse bloomer; color, velvety scarlet.

Safrano—The color is a bright apricot-yellow, passing to orange and fawn, sometimes tinted rose.

Mad. Francisca Kruger—The flowers large, deeply shaded coppery yellow in color.

Mrs. B. R. Cant—Deep rose, with silvery rose center.

Souv. de Pierre Notting—Color apricot-yellow, tinged with golden and mixed with orange-yellow, edge of petal shaded carmine-rose.

"STURDY AS OAK" RUGOSAS

Sir Thomas Lipton—The best pure white Rugosa Rose. Strong and vigorous, grows 4 feet high. Flowers double.

Conrad Ferdinand Meyer—Strong grower; perfectly hardy; flowers large; well filled, fragrant. Silver rose.

New Century—Bright, rosy pink, with red center, with petals widely bordered with creamy white.

Price Potted: First size, one-year plants, 25c each, for all Roses on this page, 5 for \$1.00; two-year-old plants, 70c each, 2 for \$1.25. Varieties marked * can be furnished in Star or Specimen plants at 85c each.

Famous Dingee Own Root Potted Roses

BABY RAMBLER ROSES

A conspicuous group is composed of the **Baby Ramblers**, so called because of the resemblance, in dwarf (12 to 18 inches), to the Ramblers, with blooms produced in large, many flowered clusters. Absolutely hardy.

Anny Muller—Color a shiny and brilliant pink, produced in the greatest profusion in large clusters.

Double White Baby Rambler—Great masses of double, pure white flowers, covering the plant as with a mantle.

Baby Tausendschon—Flowers firm, white delicately flushed pink, changing to deep rose-carmine.

Geo. Elger—It produces great quantities of lovely little buds of golden-yellow, opening into miniature symmetrical Roses. Bush is so loaded with blooms they resemble a huge bouquet.

Mrs. Wm. Cutbush—Flowers of pale pink borne in huge trusses throughout the entire summer.

Orleans—Brilliant geranium red flowers, suffused rose, with a rosy-white center.

Clothilde Soupert—A strong, dwarf grower and a truly wonderful bloomer, producing clusters after clusters of the finest formed flowers. Full and double, and deliciously sweet. Color effect is beautiful, ivory-white, shading toward the center to silvery-rose.

Price of all Baby Rambler and Polyantha Potted Roses offered on this page, 20c each for strong pot plants; 6 for \$1.00 postpaid; two-year-old plants, 60c each, 3 for \$1.50 by Parcel Post Prepaid.

The Dingee & Conard Co.

We were indeed pleased with the shipment of Roses you made to us in July. It was the hottest July in sixty years yet those Roses came thru in fine shape. Our mail service is slow, due to our 75 miles from town yet thanks to your clerks the plants came thru in fine shape.

Yours truly,
Mrs. Jacob C. Kobes, New Mexico

BABY DOLL OR TIP TOP

The flowers are miniature in size but magnificent in form and produced by the hundreds. Exquisite for cutting or bouquets and bedding purposes. Makes a magnificent show in the open ground, always blooming from early spring until late fall. The tips of the petals are vivid scarlet, then mellowing down through shades of pink into saffron, lavender and gold, finally into deep old gold, a combination extraordinary and pleasing. Foliage slender and produced in abundance, dark lustre green.

Mlle. Cecile Brunner—Rosy pink on rich creamy white ground; a great bloomer; very satisfactory for bedding.

Perle d'Or—Coppery gold, changing to fawn and salmon; flatrayed form, very double; elegantly perfumed.

Gruss an Aachen—Yellowish rose colored with salmon pink and red shadings. Blooms larger than the average Polyantha.

Lafayette—Very attractive large, bright crimson-scarlet, in sprays of 40 or more flowers each.

La Marne—Single flowers of blush-white, edged with vivid pink, borne in loose, gigantic clusters almost continuously. Plants very vigorous.

*The Exquisite
"Baby Doll"*

A Bed of Baby Rambler Roses—Own Root Plants

Everblooming Dingee Roses

* **Briarcliff**

Famous Briarcliff Rose

The best sport of Columbia yet produced, and one of the grandest roses that it has been our privilege to grow, and we have grown a large number of the roses that have been produced by all countries. Bud beautifully formed, long, solid but not too pointed, opening into one of the finest blooms that could be imagined. Very double and a brilliant rose pink.

***Gruss an Teplitz**—For intense and dazzling color there is no other rose to compare with this—fiery crimson, shaded with a dark velvety sheen. The flowers are large and handsome, produced in continuous profusion throughout the season.

Holt Hewitt—Bud is well shaped on erect stems opening into a large fine flower of perfect form. Dark velvety crimson flushed scarlet, sweetly scented.

Rose Dawn—Bud pointed, good size, medium full. Color a soft rose flesh with yellow base. Good foliage of a light green and free from insects or disease.

Sunburst—A magnificent giant yellow forcing Rose, also well adapted for outdoor growing, being a vigorous and healthy Rose. Reddish-bronze foliage. The color is superb orange copper or golden orange, with a deep orange center.

We Pay Postage On All Goods

* **Red Radiance**

Very similar to Radiance and equally satisfactory. Large, globular, cupped blooms, of strong, clear red, with no trace of any other color. An exceptionally vigorous grower, sending forth heavy canes, with healthy foliage. Very liberal in producing blooms, it cannot be surpassed as a red garden rose. Extremely hardy. One of the dependable roses as it is always in bloom no matter what the conditions are.

Crusader—Rich velvety crimson of bright hue and of massive form, this rose is one of the very finest of the reds. The flowers are very large, full, extremely double, with petals of splendid substance. Plant is of moderate growth, with exceptionally fine disease resistant foliage.

Price Potted: First size, one-year plants, 25c each, for all Roses on this page, 5 for \$1.00; two-year-old plants, 70c each, 2 for \$1.25. Varieties marked * can be furnished in Star or Specimen plants at 85c each.

Red Radiance

CLIMBING ROSES

Climbing American Beauty

The colors of carmine and crimson are those of the bush rose American Beauty. Exceptionally fine buds, opening into very large flowers of splendid form, borne on long stems, and available for cutting. Vigorous, healthy, leathery foliage, retained usually throughout the season. The blooming season is unusually long for a climbing Rose.

Aunt Harriet—In full bloom, it is amazingly fine with its masses of dazzling scarlet-crimson Roses loading every branch.

Mary Wallace—Blooming with great freedom in spring and bearing a considerable number of fine buds in summer and fall. Flowers very large, usually exceeding 4 inches across; well formed sem-double, of a bright clear rose-pink with salmon base to the petals.

Christine Wright—Thick leathery dark green foliage, practically immune from insects or disease. Blooms are produced singly and in large clusters, each bloom perfect in form and from 3 to 4 inches in diameter. Color an exquisite shade of bright wild-rose pink.

Dorothy Perkins—A brilliant pink rambler Rose. flowers in large clusters, prettily crinkled petals. Hardy and satisfactory.

Dr. Robert Huey—Buds and flowers medium size, semi-double to single in clusters of 3 or 4. Dark crimson of great brilliancy. Stamens and anthers, yellow.

Climbing American Beauty

Own Root Potted Plants

Keystone

Dingee Rose. There are many yellow Roses new and old coming and going continuously. This great Rose of ours, however, goes on indefinitely, coming into popularity year after year. Perfectly hardy everywhere. Strong vigorous climber. Very distinct foliage. Healthy. May be classed as a hardy everblooming Rose because it blooms off and on during the growing season, at least it does with us in the open ground and always has. The color is a deep lemon yellow. Flowers very double, beautiful bud, sometimes coming singly then again in clusters. A wonderful satisfactory hardy free blooming yellow climbing Rose is this.

Marechal Niel—The wonderful garden Rose of the Southland. Deep golden yellow. In the North, should have very careful protection during winter.

Climbing White Maman Cochet—Exquisite white flowers perfect specimens of the White Maman Cochet Rose.

Climbing Pink Maman Cochet—A pure Maman Cochet Rose of the Climbing habit. Sufficiently hardy to withstand northern winters with protection.

Everblooming Keystone

Price Potted: First size, one-year plants, 25c each, for all Roses on this page, 5 for \$1.00; two-year-old plants, 65c each, 2 for \$1.25. Varieties marked * can be furnished in Star or Specimen plants at 85c each.

DINGEE HARDY CLIMBING ROSES

Hardy Climbing Roses have become an absolute necessity for beautifying the home, for training over porches, verandas, trellises, and pergolas and for training of low supports to make the most beautiful flowering hedges. They can also be grown as individual specimen plants, when properly trained, for they can be kept trimmed to any shape.

In recent years great advance has been made in the development of this class of roses. Today there are climbers that have blooms rivalling the Hybrid Teas, and even hardier than roses of the latter class. However, some of the varieties are not as hardy as others, and require some protection in the far north.

Due to the fact that these roses are hardy, and of extremely vigorous growth, sending forth canes more than ten feet long in a single year, they will survive many winters if the proper kind of plants are used. Plant own-root stock—the Dingee kind—for once planted they last. The growth is strong and heavy, and no wild shoots can come up.

Birdie Blye—One of the Everblooming hardy climbers. Always in bloom. Perfectly hardy. Good strong grower. Foliage bright glossy green and free from insects or disease. Blooms full and double over three inches in diameter. Color a bright carmine, changing to bright rose.

Thousand Beauties—Large flowers with ruffled petals, borne in enormous trusses, from 10 to 15 in a cluster. Colors vary through shades of yellow, cream and rose pink.

Dr. W. Van Fleet—Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkably delicate shade of flesh-pink on the outer surface, deepening to rosy flesh in the center. Flowers full, double, of delicate perfume; buds pointed.

Mary Lovett—A cross between a Seedling, Wichuriana and Kaiserin Augusta Victoria and termed a "White Dr. Van Fleet." This rose is strongly recommended. Loses foliage early.

Mrs. Robert Peary—Blooms throughout the season and the flowers are magnificent beyond description. The buds are long and pointed, finely modeled.

Excelsa—A remarkable grower, free from insects and producing a great quantity of blooms of crimson maroon with the tips of the petals scarlet.

Violette—Rather large flowers of deep reddish violet borne in large trusses.

Veilchen Blau or Violet Blue—The Blue Rose is one of the most rampant growers we have ever seen, covering a large porch in a single season. The flowers are borne in loose clusters and are a delightful shade of blue—something entirely different from any other Rose.

Rosarie (Pink Tausendschon)—This is a bright pink form of Thousand Beauties.

American Pillar—The flowers are produced in profusion, fairly covering the bush, color bright pink. In the fall, the red berries are highly ornamental.

Aviateur Bleriot—Saffron-yellow, center golden yellow; full and double, flowering in clusters.

Paul's Scarlet Climber

Paul's Scarlet Climber—Still continues to be the most popular scarlet climbing Rose. As this is written, November 1st, on our grounds it is still in bloom outdoors after ice has formed pretty generally which means that it blooms very frequently, as in this case, early and late. We do not guarantee this but we record it as a fact that it is now in bloom. It probably is the most attractive climbing Rose of the pillar type ever introduced. The blooms come in massive profusion, retain their color a long time without fading and the color is a most vivid scarlet. The individual flowers are large. It makes the most brilliant display of any Rose of this type, new or old, now known. It will hold its popularity indefinitely because of its great merit. Perfectly hardy everywhere.

Alberic Barbier—A thrifty yellow; flowers are bright and full, very fragrant.

Bess Lovett—Resembles Climbing American Beauty in shape of bloom, but is very much brighter in color and much more fragrant. Flowers are clear bright red of good size, and of double, full, cupped form, lasting a long time.

Silver Moon—Single flowers, extra large, freely produced on long, strong stems; excellent for cutting. Color brilliant silvery-white with a mass of golden yellow stamens in center.

Price of Potted Climbing Roses on this page

Magnificent Dingee Chrysanthemums

Since the introduction of these lovely autumn-flowering plants into Europe, some two hundred years ago, they have been developed to a wonderful extent. Those who have in mind the small, old garden varieties cannot imagine the exquisite beauty of the newer sorts. They produce enormous, massive flowers of most beautiful colors and perfect shape. Their culture is the easiest. See "**How to Grow Them**" on circular sent free upon request, and if further information is desired, it will be furnished upon application. Our collection contains the best and most beautiful of the newer varieties, as well as the choicest of the standard sorts. We offer them at prices within the reach of all, as we would like to see them growing in every garden and in every home.

Price: Strong, healthy pot plants, 15c each; 6 for 75c, postpaid.

Order as the Climax Collection

German Iris

The memory of the "Blue Flag" of the old-time gardens is one ever sweet to those whose lives were lived in such surroundings, and while the "modern" Irises if we may use the term, will remind one of the old days, they too, like everything else of these days have yielded to the influence of improvement, and there has been evolved a race of flowers absolutely bewildering in glory of their form and color.

Canary Bird (Flavescens)—Lovely pale yellow.
Darius—Yellow and lilac.
Honorabilis—Deep yellow; mahogany falls.
Florentina Alba (Silver King)—Early white.
Ingeborg (Interregna)—Immense white; early.
Mrs. H. Darwin—White, violet, rather dwarf.
Lohengrin—Deep violet mauve, almost pink.
Queen of May (Rosy Morn)—Lovely rose lilac.
Madame Thibault—White, bordered rose lilac.
Cherion—Standard lilac-mauve; falls mauve.

Price Iris: strong field grown roots, 15c each; 8 for \$1.00. Mixed varieties, 10c each; \$1.00 per doz., all postpaid.

MAGNIFICENT NEW HARDY CHRYSANTHEMUMS

Peony Sarah Bernhardt

Gorgeous New Peonies

Once Peonies are planted they last for a lifetime. They stand the severest winters without the slightest protection. Especially fine for single specimens and cemetery planting. Prices include postage.

President Taft—Rose type; midseason. A delicate Hydrangea-pink.

Sarah Bernhardt—Apple blossom pink, each petal tipped.

Lord Kitchener—Brilliant scarlet. Great producer, making a grand display. Double early.

Libingstone—Very full, compact, pale lilac rose with silvery tips, center petals flecked carmine.

Mad. Jules Dessert—Color pure white overlaid with a sheen of delicate blush.

Primevere—Guards creamy white splashed scarlet; center light sulphur-yellow.

Claire Du Bois—Rose type, late midseason, large and double, silvery pink.

Dr. H. Barnsby—Large, full, globular blooms. Soft Solferino red shaded crimson, pronounced bluish reflex.

Grover Cleveland—Dark crimson. Strong vigorous grower. Late.

Karl Rosenfield—Brilliant dark crimson.

Suzette—Bengal rose shaded carmine purple with silvery reflex.

Alsace Lorraine—Color rich creamy white, center delicately tinted brownish yellow.

Elie Chevalier—Color Tyrian rose, center flecked with crimson.

James Kelway—Rose white changing to a milk white, tinted yellow at base of petals.

Monsieur Jules Elie—Color an ideal glossy lilac-pink shading to deeper rose at the base.

Baroness Schroeder—Baby pink fading to the purest white.

Tourangille—Color pearly white overlaid with delicate salmon and with shades of La France rose.

Price of above New Peonies, 75c each; 2 for \$1.25, postpaid.

Japanese Single Peonies

Claire—Dark red with a thick cluster of yellow stamens in the center of the flower.

Eva—Bright crimson with a thick cluster of yellow stamens.

Jacqueline—Glittering pure white with yellow stamens in the center.

Nymphe—Flesh color pink with yellow stamens.

L'Etincelante—Brilliant carmine with silvery margin.

Mikado—Crimson with gold center.

Clarisse—Light pink, changes to pure white.

Price of above New Peonies, 75c each; 2 for \$1.25, postpaid.

DINGEE DECORATIVE CANNAS

Years ago we introduced the first large flowered Canna—"Flamingo." Since then our Cannas have become famous everywhere. With their banana-like, tropical foliage and gorgeous flowers they are simply indispensable. Their brilliant, bizarre colors are found in no other summer blooming plants. In clumps, beds, edgings they make a sensational show all summer long and up until cut down by frost.

Take the roots up in the fall and store them in a warm dry place.

Apricot—4 feet. The color is a buff-yellow base overspread with salmon-pink.

Nokomis—5 feet. Large, vivid crimson flowers with a rich silky sheen on the petals. Rich bronze foliage.

King Humbert—5 feet. Immense dark bronze foliage with great heads of orange-scarlet flowers.

King Midas—5 feet. Very large flowers of glittering gamboge-yellow.

Mrs. Alfred F. Conard—4 feet. Color, a beautiful shade of salmon-pink. Flowers of immense size.

Panama—The orange-red petals are bordered with a broad edge of golden yellow.

President—Produces immense heads of glowing crimson flowers 7 inches across the open bloom, on strong erect stalks well above the foliage; 4 feet in height.

Eureka—The best white.

Yellow King Humbert—4 feet. A sport from the bronze foliage variety of the same name but with blooms of yellow dotted with red, and green foliage.

Mrs. Pierre S. DuPont—3 to 4 feet. Single flowers very large and form immense heads. Petals firm and bloom opens perfectly and does not wilt in the hot sun. Color a vivid watermelon-pink and very attractive. **Started Potted Plants, 25c each.**

Rosmond Coles—Bright red petals with edge bordered with blush white. 2½ to 3 ft. Very striking.

Price above Cannas, strong 3 inch pot plants, 20c each, \$2.25 doz., except where noted, postpaid.

BARGAINS IN DINGEE CANNAS

We have a particularly fine collection of these imposing foliage plants, including novelties and standard varieties which we have found worthy of distribution. Cannas are not hardy and should not be planted until danger of frost is past. Take the roots up in the fall and store them in a warm dry place.

Canna Bed No. 16—For Bed 4 Feet Across—1 red for center; 6 yellow for circle or 7 one color, or we can reverse the order and send 1 yellow for center and 6 red for circle. **7 for \$1.00.**

Canna Bed No. 17—For Bed 7 Feet Across—1 scarlet with red foliage for center; 6 yellow for first circle; 12 red for second circle or 19 one color, **postpaid, \$3.00.**

Canna Bed No. 18—For Bed 10 Feet Across—1 red foliage for center; 6 yellow for first circle; 12 pink for second circle; 18 scarlet for third circle, or 37 all one color if desired. **Ppd. \$5.00.**

STANDARD PEONIES

Price, strong roots, 50c each; 2 for 75c.

Caroline Allen—Double. Rose and Salmon.

Candidissima—Double. Creamy white.

Canary—Double. White primrose center, late.

The Dingee & Conard Co.

The best Roses I ever grew were those purchased from you in 1900 and 1901. Warren L. Clark, Merrick, New York

Summer Flowering Gladioli

Dingee Hardy Shrubs

HILLS OF SNOW OR EVERBLOOMING HYDRANGEA

This new Everblooming Hydrangea is as its name implies, constantly in bloom from early in June until frost, and is one of the most important additions in the way of hardy shrubs ever introduced. All summer long it bears great clusters of white flowers, much like the tender Hydrangea in size and form; it will grow to perfection in partial shade, making it most valuable for massing under trees or growing on north side of house. Hardy everywhere. Plant at least a half dozen plants. The effect is lovely.

SPIREA-MEADOW SWEET

Billardi—Spikes of rose-colored flowers; blooms profusely. **Prunifolia (Bridal Wreath)**—Double pure white flowers. **Van Houtte**—The bushes form fine, compact clumps. The pure white flowers are borne in great masses.

Perpetual Blooming Crimson Spirea, Anthony Waterer—It makes a low compact bush, 15 to 18 inches high. Large umbels of deep crimson flowers.

HARDY AZALEA HINODEGIRI

Among the most gorgeous of all hardy shrubs, bearing large flowers of fine shape. The beautiful color makes an attractive showing when in bloom in early spring. The bush is just one mass of flowers. Evergreen and entirely hardy. Dwarf grower, making a bush in time of from 12 to 24 inches high and about the same in diameter. Flowers bright scarlet. **Strong potted plants from 8 to 12 inches, 50c each, postpaid.**

Hills of Snow

EVERGREEN BOXWOOD

Dwarf evergreen boxwood for edging walks, flower beds, etc. May be kept trimmed to any shape or height desired and always green. We offer the two varieties. The old English Box, *Sempervirens Suffruticosa* and the *Buxus Sempervirens* or the more robust growing boxwood. We offer strong specimen plants 12 to 18 inches field grown. 50c each, \$5 per doz., postpaid.

WEIGELA

Floribunda—6 to 8 feet. Erect grower. Beautiful red flowers. **Rosea**—Large deep rose. **Eva Rathke**—Reddish purple. **Amabilis**—4 to 6 ft. Deep rose colored flowers. **Mad. Lemoine**—4 to 6 ft. White flowers with delicate bluish.

Hardy Azalea

HYDRANGEA PANICULATA GRANDIFLORA

They are extensively used for yard, lawn and hedge planting and for screens. Attains a height of 5 to 7 feet; hardy in all localities; blooms the first and every season in July and August. The flowers are massive, cone-shaped often measuring 10 inches in length, and have a pleasing variation of color, changing from original pure white to pink, and finally to beautiful, rich, coppery-red.

DOUBLE JAPAN SNOWBALL

Viburnum Plicatum—Blooms in early June, when the whole bush is loaded down with great compact balls of pure white, double flowers. They are borne in such profusion that the entire plant appears one dense mass of bloom; the tree grows erect and bushy, 6 to 8 feet high.

PHILADELPHUS OR MOCK ORANGE

Bouquet Blanc—Dwarf growth with long slender branches densely covered from base to top with sweet-scented double flowers of creamy-white. In fact the flowers are borne in such great profusion as to totally obscure the plant.

New Philadelphia ("Virginal")—One of the most beautiful, new ever-blooming varieties. It also makes wonderful individual specimen plants on the lawn. A vigorous tall grower with very large double-crested flowers with round petals.

SWEET-SCENTED SHRUB

Calycanthus Floridus, Carolina Allspice—3 to 6 feet. Flowers dark reddish brown and very fragrant and borne freely.

Price of all hardy shrubs on this page, except where otherwise noted: one-year, field plants; 20c each; 6 for \$1.00, postpaid; two-year-old size, 50c each; 3 for \$1.50, postpaid; three-year-old size, 75c each; 3 for \$2.00, by freight or express not prepaid.

Hydrangea Pan. Grand.

Phlox

Hardy Pinks

Canterbury Bells

Dianthus plumarius Old Fashioned Pinks—Rose-pink and white, fragrant flowers on long spikes. It will bloom continuously if flowers are cut off when they fade.

Dianthus Deltoides "Brilliant"—Glowing crimson-red; a most striking rock plant.

Achellia Millefolium Roseum (Rosy Milfoil)—July to October. Rosy pink flowers in dense heads. Stems 18 inches high.

Delphinium Belladonna—This is the freest and most continuous blooming Hardy Larkspur. Clear turquoise blue.

Delphinium Bellamosa—This is a rich, deep blue form of the popular light blue Belladonna.

Canterbury Bells (Cup and Saucer)—Tall, erect growing plants completely covered with large cup and saucer-shaped flowers during late May and June. One of the loveliest of biennials and a perfect plant for the old-fashioned, hardy garden. Flowers last a week or more when cut.

Achellia Ptarmica, Perry's White—1 to 2 feet. June to September. Large white flowers.

Hardy Perennial Phlox

Beacon—Brilliant cherry red. 36 inches high.

Elizabeth Campbell—Light salmon pink.

Mrs. Jenkins—Pure white. Late flowering.

Rheinlander—Color beautiful salmon pink.

R. P. Struthers—Cherry red, shaded salmon.

Gen. Van Heutz—Salmon red, white eye.

Grideur—Deep rose.

Sunset—Dark rosy pink.

W. C. Eagan—Delicate lilac pink, rosy center.

Eclairer—Purplish crimson light center.

Mrs. Chas. Door—Beautiful shade of lavender.

Isabey—Salmon pink.

Mixed varieties, 2 for 25c; 9 for \$1.00 postpaid.

Old Fashioned Hardy Garden Perennial Plants

Gaillardia Grandiflora (Blanket Flower)—One of the showiest of all hardy plants growing 2 feet high and succeeding in any soil if the position is sunny. They start blooming in June. Shades of red and gold in wonderful combinations.

Phlox Subulata (Moss, or Mountain Pink)—An early spring flowering type with pretty, moss-like evergreen foliage, which during the flowering season is hidden under the masses of bloom. An excellent plant for the rockery or the border, and invaluable for carpeting the ground or covering graves. White and Pink. 25c each.

Aquilegia (Columbine)—Remarkably graceful and beautiful perennials, noteworthy for the charm of their flowers. Few hardy plants can excel them in beauty. The several strains of hybrids offered surpass them all in beauty of form, delicacy and richness of color.

Yucca Filamentosa (Spanish Bayonet)—A low-growing evergreen plant with narrow leaves. The flower stalk is from 2 to 4 feet high and rises from the center. Creamy white, bell-shaped flowers.

Funkia Subcordata Grandiflora (Day Lily)—White Day Lily. Handsome spikes of large, waxy-like blossoms, with an odor like that of orange blossoms, and large broad, glossy, light-green foliage. One foot to 18 inches.

Rudbeckia (Golden Glow)—Grows 6 to 8 feet high, branching freely and bearing by the hundreds on long graceful stems exquisite double flowers of golden yellow.

Price: of all Hardy Perennials on this page, except where noted: Strong field plants, ready to plant any time, 20c each; any 5 for \$1.00; postpaid, of one or more varieties.

Gaillardia

Delphinium

Columbine

House Ferns

Very likely you have admired a friend's house ferns? Why not have some of your own? Nothing so cheap, growing more beautiful from year to year. They last a life time. We marvel why they are not in every home. Not one fern but in every room. Fair, good, loose soil, partial sun-shine, living room temperature and loving care is all that is required.

Plant at least 2 or 3 of the first size in a pot or crock, 4 to 5 inches across, or one large plant, then move into larger containers when necessary.

Brighten your home with these lovely ferns, now cheap in price. In a year or two no amount of money could buy them from you. Order several while the price is down.

Price of all Ferns in extra strong pot plants, 2 for 25c; 15c each; large plants from 4 and 5 inch pots, 75c each, postpaid.

Teddy, Jr.—New dwarf Fern. Fronds are broad and beautifully tapered from the base to the tip, drooping just enough to make a graceful plant. Produces nearly four times as many fronds as any other Fern introduced. Compact, thrives under any condition.

Roosevelt—Resembles the Boston Fern, but produces many more fronds, thus making a handsomer and bushier plant; in fact, it today is more popular with the florists than the Boston; it will make a larger plant in a shorter time. The fronds are beautifully undulated, giving it a very pretty rising effect.

Boston Fern—This fern differs from the ordinary Sword Fern in having much longer fronds. This drooping habit adapts this variety for growing as a single specimen for a table or pedestal.

Dwarf Boston—Same as Boston variety but a dwarf compact plant.

Verona—The fronds are very fine and fluffy. Known as Lace or Baby Breath Fern. Dwarf or compact growth.

The Dingee & Conard Co.

Forty or fifty years ago my Mother bought many roses from you. I have never seen better Roses, nor any more beautiful than those my Mother secured from you those long years ago. I am cultivating Roses now in my yard and would greatly appreciate your Rose catalog.

Sincerely yours,

J. O. Willett, Arizona.

Beautiful Verona or Lace-Type Fern

Jacksonii—Extremely strong grower. Resembling

Sword Fern, quickly forming large, upright plant.
Maidenhair Fern (*Adiantum cuneatum*)—The best known table Fern, with dainty, lacy fronds, unlike any other.

Scholzeli (The Crested Fern)—The fronds, like Scottii, stand erect, and with a graceful arch form a plant of ideal shape, and they never break down, giving the plant ragged appearance and allowing a free circulation of air through the foliage, prevent the center of even the largest specimens from becoming defective or yellow.

Dingee Magnificent Carnations

We offer strong plants, and whether planted in the open ground or in pots, they quickly make large specimens, blooming profusely during the summer. For winter blooming pinch the plants back from time to time during the summer. Bring indoors in early fall. Grown in pots they will bloom abundantly during the winter giving you flowers the equal of those sold at \$2 and \$3 per dozen in florists' shops.

Price strong pot plants: 15c each; any 2 for 25c, any 4 for 50c; \$1.25 per dozen, postpaid.

Aviator—Best standard crimson.

Harvester—Superb pure white.

Pink Enchantress—Large, deep pink.

Radium—Beautiful red, fine large bloom.

Golden Glow—Fine bright yellow.

Cheerful—Deep pink, large flowers.

Arctic—Fine white, large flowering.

Ivory—Beautiful creamy white.

Herbaceous Hydrangeas

Excellent for pot culture for blooming indoors during the winter. The foliage keeps dark green throughout the winter, making them an ideal decorative plant. They can also be planted outdoors, as they are hardy.

Otaksa—Rich pink, changing to white and blue.

Splendens—Clear red.

Trophee—Watermelon red blooms.

Gertrude Glahn—Deep rose.

Souv. de M. Chautard—Deep rose pink.

Deutschland—Salmon pink.

Price: 25c each; Large specimen plants in 6 inch pots, 75c each.

Dingee Carnation
